

**Attention: Class of '69**

**Subject: "Memory Lane" at MacArthur High School**

As a part of the legwork related to the Electronic Marquee sign thank you letter, your class administration had the opportunity to stop by the school offices. Linda Emory, A P Secretary, specifically requested that we visit the school. Ms Emory was pleased to show the work of Art Teacher and Mac Alumnus Rick Ricketts. Mr. Ricketts has lead the creation of an incredible display of MacArthur memorabilia in the main corridor of the administrative offices at the school.

According to Ms Emory, material was gathered in several drives, from Northeast ISD , purchased off of eBay and scoured up in every manner!! The call is always on for Mac history and trinkets – so before you finish your downsizing, get that stuff back into service instead of the dumpster.

All Brahmas are welcome and encouraged to stop by the school and browse Memory Lane.
